CASH Workflow

Remain competitive in today's commercial lending market by optimizing your loan processes.

You are under increased pressure to grow profitability while reducing operational risk in an increasingly competitive environment. Implementing the right workflow solution can meet those challenges

CASH Workflow is an end-to-end workflow solution built with intuitive design which will give you clarity around your lending process, make your processing more efficient and provide instant visibility into current loan status and complete work history.

With CASH Workflow you can:

- Achieve complete automation of your workflow – end to end
- Eliminate re-entry of data into various systems or files
- Eliminate manual tracking of loans through the lending process
- Have consistent insight into loan status at all times
- Measure performance of your loan process workflow to maximize your employee efficiency

Common Challenges

- Do you have a standardized, documented loan process so you can measure performance and outcomes?
- Do you have full visibility into the loan process to provide status updates to management or clients?
- Can you identify bottlenecks in your process that may be slowing your pipeline?

CASH Workflow is part of CASH Suite™, a powerful commercial lending software solution that helps business lenders increase profits and grow top-line revenue by achieving straight-through-processing across every step of the commercial loan lifecycle. CASH Suite drives increased efficiencies and greater accuracy while reducing operational risk and enhancing profitability.
