A Large Commercial and Small Business Lending Solution that Grows with You

Expere supports commercial/industrial loans and commercial real estate loans for large and small businesses. The solution can be scaled up or down to support more sophisticated lending documents for complex loans, yet is flexible enough to manage smaller business transactions. Expere’s compliance content can be customized and edited by category, product or transaction using attorney-style language or plain language, based on preference.

With Expere’s dynamic content, our clients are better able to manage their content libraries by consolidating custom content down to a unique set of forms versus hundreds of static forms, giving clients fewer documents to manage overall. Content is pulled in to populate all the other fields where the same content is required, allowing the reuse of language, content and legalese.
Expere for Commercial and Small Business Lending supports the following:

- Revolving Lines of Credit
  - Working Capital
    - Letters of Credit Reimbursement Line
      - Standby
