

A TRUSTED PARTNER FOR ENTITY MANAGEMENT

Keeping entity records up to date is essential but time-consuming. Every year you're under pressure to do more with less, while constantly balancing multiple demands. Entity Managed Services provides resources and expertise to keep your company data accurate.

SERVE YOUR STAKEHOLDERS

- What do Tax, Finance, Legal departments, external auditors and business partners have in common? These stakeholders need access to reliable entity information. The Entity Managed Services (EMS) team keeps your hCue entity data complete, up-to-date, and ready to be shared at a moment's notice.

WHEN YOU HAVE TO BE RIGHT

- Missing, out of date, or incomplete records can cause compliance headaches: extra work, government penalties and fines, delayed deal closings, and damaged reputations. Adding Entity Managed Services ensures your single source of data is a trusted source.

A PARTNER YOU CAN RELY ON

- Our solutions are designed with hands-on input from legal professionals. Every feature is calibrated to fit into real-world workflows. CT's entity management experts serve as an extension of your back office team. We handle the records while you focus on key business-critical tasks.

CONSIDER IT DONE

- CT's Entity Managed Services resources support you with deep industry knowledge and years of experience leveraging hCue's powerful compliance management platform. From routine daily updates to large complex projects, we help you deliver more with less.
