

#### Lippincott®

#### **CoursePoint**

Designed to help students understand, retain and apply course knowledge, 
Lippincott® CoursePoint is a fully integrated, adaptive, digital course 
solution for nursing education. It works the way students study and learn. 
And now it's enhanced with even more adaptive content, robust reporting 
and deeper analytics to help students prepare for practice.

# Innovation begins with this powerful platform.

CoursePoint is engagement that educates and entertains. It's learning with a purpose to show tomorrow's nurses how every learning activity applies to the real world. Content and study tools are delivered where today's students are. This keeps them focused on improving their outcomes so they stand tested and ready to be clinically competent nurses.

#### **Trusted Content, Tested Technology**

We're continually upgrading our *CoursePoint* platform, gearing it toward nursing faculty to teach more effectively and to boost student success.

#### **Intuitive Platform Design**

An intuitive interface and user experience make it easy for both students and instructors. It's a seamless experience that's made to be convenient.

#### **In-Depth Reporting**

CoursePoint uses dashboards with key data points to track student progress and help identify strengths and weaknesses at every step.

#### **Training and Support**

Count on personalized support and training on all our digital products — Getting Started Webinars, Course Integration Webinars, Ask-an-Expert Services and more.

#### **Preparing for Curriculum Success**

With tools like *PrepU's* adaptive quizzing platform, *CoursePoint* gives students confidence to become clinically competent and compassionate nurses.

On the front line of PREPARING FOR PRACTICE

#### Lippincott®

#### CoursePoint+

#### Go beyond the classroom.

Nurses shouldn't face an on-the-job learning curve. Lippincott® CoursePoint+ takes preparing for practice to a new level by integrating innovative tools such as vSim® for Nursing and Lippincott® Advisor directly into its platform. Combined with the evidence-based content of Lippincott® Advisor, students get the opportunity to assess, interpret information, make appropriate decisions, and take impactful actions to promote better health outcomes. Most importantly, CoursePoint+ helps students build the clinical judgment skills needed to succeed in practice.

"With CoursePoint, students come to class better prepared than previously. They now read all the course material, participate in class discussions, and ask more questions. They're more engaged and their test scores have gone up."

Wolters Kluwer curricular tools provide the full circle of clinical learning by utilizing NLN scenarios throughout the entire clinical experience.

# On the front line of KNOWLEDGE

# Promote clinical judgment and prepare students for practice.

**Lippincott® DocuCare** is an Electronic Health Record (EHR) web-based training solution built by a team of nursing educators and experts in health informatics. It teaches students the fundamentals of effective electronic documentation while fostering clinical judgment and critical thinking.

#### **Patient Scenarios for Simulation**

For truly unparalleled clinical education, *Lippincott® DocuCare* and *vSim® for Nursing* share the same set of evidence-based patient scenarios that were developed jointly with the National League for Nursing (NLN). This allows students to hone their critical thinking and prioritization skills treating the patient in *vSim® for Nursing*, chart the patient's record in *Lippincott® DocuCare*, and — if your program also uses Laerdal® Medical manikins — refine their psychomotor skills in the sim lab while caring for the same patient.

vSim® for Nursing is co-developed by Wolters Kluwer and Laerdal® Medical with scenarios written by the National League for Nursing (NLN). The scenarios bring fidelity to the learning experience so students can engage, identify and interpret information and assess appropriate nursing actions. Just like they will do in practice.

#### True-to-life clinical experience at your control.

With comprehensive patient scenarios available throughout your curriculum, vSim® helps you deliver the real-world experience students need to transition to practice while honing the clinical judgment, competence and confidence they'll rely on throughout their careers.

Lippincott® Clinical Experiences — co-developed with nursing educators Jone Tiffany, DNP, RN, CNE, CHSE, ANEF, and Barbara Hoglund, EdD, MSN, FNP-BC, CNE — offers clinical experiences that consistently expose students to diverse settings, situations and populations. As students immerse themselves in a safe and engaging virtual environment, they are exposed to the real-life application and complexity of key community, public and population health concepts.

#### Through this solution, students are building their critical thinking skills by:

- Making observations
- Holding virtual conversations
- Triaging at a disaster scene
- Doing research online
- Conducting interviews.

Lippincott<sup>®</sup> Clinical Experiences On the front line of REAL-WORLD **CLINICAL EXPERIENCE** 

#### Adaptive, personalized NCLEX® preparation

**Lippincott® PassPoint** is the first and only adaptive learning and testing platform that adjusts to a student's performance as they go. It's how students prepare for — and pass — the NCLEX®. More importantly, it's how students gain the clinical judgment skills necessary to be successful on the front line of care.

#### Proven results. Proven success.

Students using *PassPoint* to prepare for the NCLEX have a passing rate that's more than 12% higher than the national average.<sup>1</sup>

Lippincott® Advisor:
On the front
line of CLINICAL
DECISION SUPPORT

#### A virtual library of answers.

**Lippincott® Advisor** is the leading, evidence-based clinical decision support software. It delivers to students — via mobile and desktop — 24/7 access to the same content that nurses encounter in practice. This helps promote student competence, confidence and success as they transition from student to practice-ready nurse.

"We are focused on student success, and we decided the very first thing we had to do was to provide students with consistent resources in every course. Lippincott CoursePoint, vSim, and DocuCare are resources we can use from the very beginning of the program all the way through graduation. Having everything integrated has maximized our use of these resources and has enabled us to be learner-centered."

Marilyn Brady, Dean of Nursing, Trident Technical College
