

JCO[®] Digital Library

Founded in 1964, the American Society of Clinical Oncology (ASCO) is dedicated to producing and delivering the highest-quality resources in education, policy, clinical research, and clinical practice in order to improve the health of patients with cancer.

Oncologists and anyone involved in cancer research and practice can get all 5 ASCO journals—the flagship **Journal of Clinical Oncology**[®] as well as the companion sub-journals—as a one-of-a-kind collection on Ovid (the journals are not available individually). The easy search and navigation functionality of Ovid means each of these 5 journals is easily accessible, and users can find precisely what they're looking for quickly.

**Unique bundle of all 5
ASCO[®] journals available
on the Ovid platform**

Why JCO[®] Digital Library?

- Add the most well-regarded journals in clinical oncology to your digital library
- Instantly fill gaps in your electronic content collection in oncology
- Ensure easy access to the latest clinical discoveries
- Support the needs of oncologists, researchers, nurses, faculty, students, and anyone working in cancer care and research
- Build the visibility and value of your library

Key Features

- The most credible and highly regarded set of publications on clinical oncology research and care
- An expansive readership of students, educators, researchers, clinical practitioners, and other professionals involved in any cancer field
- Topics include clinical best practices, patient care, care innovations, research in global contexts, and data and informatics
- Ongoing coverage of COVID-19 patient care and management
- Searchable simultaneously with just a single search query—searchable with other Ovid content, too
- Precise, natural-language searching for quick information discovery
- Time-saving workflow tools such as inline abstracts, search results sorting and annotations, and more

JCO[®] Digital Library

Journal of Clinical Oncology[®]

Impact Factor: 32.956*

ASCO's peer-reviewed flagship journal is widely regarded as the most credible source for high-quality content and significant research, including clinical trials, in clinical oncology. It is essential reading for professionals from all oncology disciplines and subspecialties—medical, surgical, pediatric, gynecology, urology, therapeutic radiology, and hematology.

JCO[®] Oncology Practice

Impact Factor: 3.551*

Focuses on the mechanics of practice and keeps readers current on developments, breakthroughs, and challenges in high-quality care delivery. A wide variety of perspectives are included—socioeconomics, clinical trials, health policy, ethics, health services, improvement, and more.

JCO[®] Global Oncology

This open-access journal focuses on cancer care, research, and care delivery issues unique to countries and settings with constrained healthcare resources.

JCO[®] Clinical Cancer Informatics

Reports on biomedical informatics methods, studies, and processes applied to cancer-related data, information, and images.

JCO[®] Precision Oncology

Innovative and timely original research, reports, opinions, and reviews on the science and practice of precision oncology and genomics-driven personalized therapies.

*2019 Clarivate Journal Citation Reports (as of June 2020)

Archive Collections also available—own the journal backfiles:

Journal of Clinical Oncology archive includes complete coverage from 1983 to 2014.

JCO Oncology Practice archive includes complete coverage from 2005 to 2014.
