Neurology on Ovid

Top Journals

Visit www.ovid.com for a complete list of resources in neurology.

Annals of Neurology, Wiley

Impact Factor 10.244, 8/197 (Clinical Neurology); 15/261 (Neurosciences)

Publishes high-impact articles in understanding the mechanisms and treatment of diseases of the human nervous system. All areas of clinical and basic neuroscience - including new technologies, cellular and molecular neurobiology, population sciences, and studies of behavior, addiction, and psychiatric diseases are of interest to the journal.

Brain, Oxford University Press

Impact Factor 10.84, 6/197 (Clinical Neurology), 12/256 (Neurosciences)*

This journal has always provided researchers and clinicians with the finest original contributions in neurology. Its citation rating has been one of the highest for neurology journals, and it has consistently published papers which have become classics in the field.

Continuum: Lifelong Learning in Neurology®, Lippincott®

An Official Journal of the American Academy of Neurology®

Through a core curriculum of 15 topics, *Continuum* is designed to help practicing neurologists stay abreast of advances in neurology while simultaneously developing lifelong, self-directed learning skills, encouraging critical thinking, and applying knowledge to improve patient care.

JAMA Neurology

An Official Journal of the American Medical Association

Impact Factor: 11.46, 5/197 (Clinical Neurology)

JAMA Neurology publishes peer-reviewed original contributions of interest to clinicians. Diverse features in this primary source journal provide a comprehensive examination of all aspects of the discipline.

*A Brandon/Hill list title

Neurology®, Lippincott®

The Official Journal of the American Academy of Neurology®

Impact Factor 7.609, 13/197 (Clinical Neurology)*

Neurology® is directed to physicians concerned with diseases and conditions of the nervous system.

Published weekly, the journal continues to advance the field by presenting new basic and clinical research emphasizing knowledge that will influence the way neurology is practiced. Institutional subscriptions include **Neurology® Clinical Practice**.
