Civil False Claims & Qui Tam Actions

Detailed analysis of the Civil False Claims statute, including a balanced approach to every important aspect of case preparation and litigation—from establishing the merits of a claim to determining the formula for arriving at the *qui tam* plaintiff's award.

Clinical Research Compliance Manual: An Administrative Guide

Full coverage of today's most crucial topics, including human subject protections, Institutional Review Board regulations and requirements, conflicts of interest, scientific misconduct, reimbursement issues, and much more.

CMS Manuals

Full text of both the Internet-only and paper-based manuals maintained by CMS. The Manuals are used by CMS program components, partners, contractors, and State Survey Agencies to administer CMS programs. Also includes all Transmittals which provide updates to Manuals and technical instructions to Medicare contractors and providers.

Consent to Treatment: A Practical Guide

A complete library of patient-consent topics and solutions, helping formulate effective, voluntary and lawful consent policies and procedures to limit liability and avoid litigation.

Corporate Governance for Health Care: A Practical Guide

In-depth, how-to coverage of the key, day-to-day corporate responsibility issues most vital to health care professionals.

CPT/CCI Codes

Descriptions and relative value unit information for the HCPCS/CPTII codes as well as the Correct Coding Initiative (CCI) edits, both related to Medicare physician reimbursement.

EMTALA Answer Book

Q&A guidance through the Emergency Medical Treatment and Active Labor Act (EMTALA) and its effect on emergency physicians, on-call physicians, specialists, and hospitals, with guidance on how to meet medical duties and avoid severe penalties.

Health Care Fraud & Abuse Compliance Manual

A comprehensive overview of legislative and regulatory restrictions that affect the way health care providers conduct business and how they structure relationships among themselves.

Health Law & Compliance Update

Practical advice and analytical tools for use in organizational compliance programs, with timely and thorough analysis of many substantive topics from national experts.

Health Law Daily

Breaking court and administrative decisions, legislative and regulatory developments, agency rulings, and a complete report of the daily news that affects health law.

Health Care Compliance Newsletter

The *Health Care Compliance Newsletter* focuses on topics relevant to health care compliance professionals including the latest news related to health care reform, health information technology, HIPAA, antitrust, anti-kickback, physician self-referral, fraud and abuse, EMTALA, and employment news. The newsletter, which is published bi-monthly, is written by Wolters Kluwer Legal & Regulatory U.S. health law editors.

Health Care Compliance Professional's Manual

The Health Care Compliance Professional's Manual is one of the most vital, long-standing, and best known resources in the world of health care compliance. It has all the tools you and your compliance team need to plan and execute a customized compliance program. The new edition with AHLA (American Health Law Association) is filled with industry best practices, sample forms, policies, procedures, and much more to save you time and comply with federal standards.

Health Care Compliance Reporter

Access to the full text of all compliance-related laws, regulations, cases and advisory opinions, both on the federal level as well as for all 50 states, the District of Columbia, and Puerto Rico.

HIPAA Compliance Handbook

Expert insights into HIPAA compliance, describing the transaction, privacy, and security regulations in detail and addressing issues common to all three, as well as issues unique to each.

HIPAA: A Guide to Health Care Privacy and Security Law

A single resource providing full coverage of the HIPAA Privacy and Security Rules, updated forms and resources, coverage of both state and federal legal requirements, guidance on avoiding civil and criminal penalties, practical guidance on the HIPAA Rules and GDPR, and more.

Hospital Contracts Manuals

The nuts and bolts for negotiating and drafting the numerous contracts that affect the daily operations of health care facilities.

Hospital Law Manual

Detailed, relevant analysis of major health law issues, evaluating both federal and state legislation, including EMTALA, HIPAA and the Medicare and Medicaid Acts.

Hospital Legal Forms, Checklists & Guidelines

A library of hospital law and administrative strategies in two authoritative volumes, providing the most complete and concise presentation available of the legal environment shaping day-to-day decision making in hospitals.

Journal of Health Care Compliance

Practical guidance on how to avoid government inquiries and stay in compliance with health care laws and regulations.

Managed Care Law Manual

The facts health care attorneys, managed care organizations, and health care administrators need to make informed choices.

Medical Group Practice: Legal and Administrative Guide

Consolidated source of practical, professionally developed practice management materials, providing knowledge and tools for every key building block of a thriving group practice.

Medical Staff Management: Forms, Policies, and Procedures

Comprehensive collection of forms, policies, procedures, correspondence, and more, covering credentialing, privileging, accreditation and regulations, allied health professionals, quality assessment, and improvement.

Medicare Handbook

Coverage of the issues involved in providing effective planning advice or advocacy services.

Medicare and Medicaid Guide with Archives

Explanations and primary source documents relating to the Medicare and Medicaid programs. The explanatory material is written by a team of health care law professionals and is updated several times a year. Laws, regulations, cases, administrative decisions, agency releases, and other primary source documents are added to the product daily and are presented by document type. Related explanations and primary source documents are linked to each other throughout the product. The archive includes primary source material from 1967 to 1996.

Physicians Medicare Guide

Includes primary source material related to Medicare physician reimbursement.

Privacy & Data Security Law Deskbook

The thorough, practical, sector-specific guidance needed to meet today's challenges and minimize the risk of data breaches that can damage a company's reputation.

Reimbursement Advisor

Provides practical analyses of key developments in prospective payments, recommended courses of action, legislative updates, practical management strategies, legal advice, and sound financial planning tips. *Reimbursement Advisor* is published in an easy-to-read 12-page format.

Social Security & Medicare Answer Book

The specific guidance necessary to ensure clients receive maximum benefit under the law.

Standards of Care in Emergency Medicine

An exact analysis of what standards of care apply in more than 41 of the most commonly litigated emergency situations, from heart attack to stroke, from trauma to adverse drug reaction.

State Health Law Library

Full text of health care-related statutes, updated text of health care regulations as they become effective, and the full text of state Medicaid Manuals and state Medicaid plans.

The Receivables Report for America's Health Care Financial Managers

Includes actual profit-improvement examples from facilities nationwide, secrets for successfully challenging denials, tips for using automation to increase cash flow as well as real-world strategies currently being used to prepare for health care reform. It also includes key statistics and survey results to help measure performance and avoid costly mistakes.

Understanding TRICARE

Full text of the laws and regulations governing CHAMPUS/TRICARE with explanations covering eligibility, scope of coverage, reimbursement, fraud and abuse, and peer review; includes the newsletter, *TRICARE Update*, covering the latest materials related to TRICARE laws.

“Wolters Kluwer’s Cheetah platform is the most complete and efficient solution for health reimbursement and compliance legal research. I’ve encouraged ALL of our health attorneys to use Cheetah to save time and highly recommend WK over other competitive products in the market!”
