Your complete resource for audit, reimbursement, compliance and regulatory research

MediRegs Master Suite

The **MediRegs Master Suite** provides advanced primary source content and expert tools — updated in real time — to ensure the integrity of your program, revenue, and audit documentation. The Master Suite is a perfect fit for health care professionals who require instant access to the most robust coding, revenue, and payment tools combined with unmatched depth and breadth of regulatory content — everything you need to ensure proper audit trail documentation.
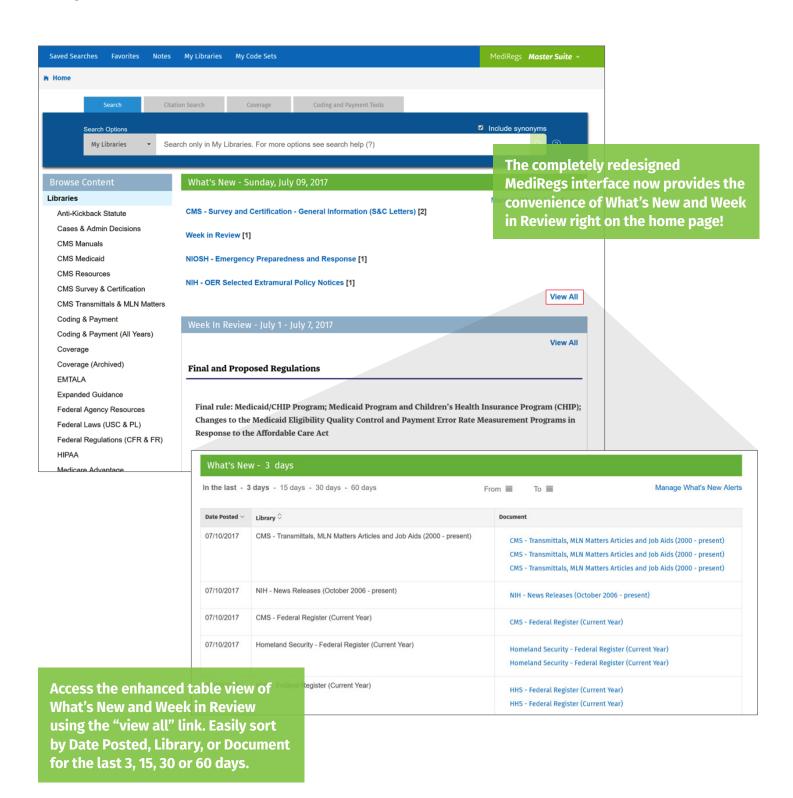

- Stay current with automatic updates and email alerts that include local coverage determinations, state Medicaid and Medicare updates, and coding changes personalized for your location and preferences.

- Proactively avoid coding pitfalls with our Coding and Payment Library, with integrated primary source material from CMS to ensure compliance with benefits, claim processing, coverage requirements, MUEs, NCCI edits, RAC issues, CERT reports, FAQs, PQRI coding, and more.

- Use the custom search engine to find the coding, payment, and coverage guidelines you need, facilitating easy coding research to support Medicare claims compliance.

- Dial back time with an extensive collection of historical manuals, codebooks, calculators, and local coverage determinations necessary for appeals and audit work in our unmatched regulatory archives.

- Web-based, quick to implement, always on, and available on any device for quick learning and instant reference.
