MediRegs Reimbursement Suite

A perfect fit for expert coders and revenue cycle, reimbursement, and HIM/CDM professionals who need instant access to coding, revenue, and payment tools as well as key regulatory content, the **MediRegs Reimbursement Suite** provides every resource you need to understand the claims processing system and stay ahead of continuously changing codes and regulations.

- Avoid inherent coding pitfalls with our Coding and Payment Library, integrating primary source material from CMS to ensure compliance with benefits, claim processing, coverage requirements, MUEs, NCCI edits, RAC issues, CERT reports, FAQs, PQRI coding, and more.
- Fast and easy research of coding, payment and coverage guidelines with the robust, sophisticated, and tailorable search capability, including the ability to save your customized searches for instant access.
- Stay current with automatic updates — daily and weekly email alerts that include local coverage determinations, state Medicaid and Medicare updates, and coding changes personalized for your location and preferences.
- Electronic codebooks are updated well ahead of the typical paper publication ship date, integrate coding and payment information, and has ability to favorite items for fast follow-up.
- Web-based, quick to implement, always on, and available on any device for on-the-spot decision support.

NOW AVAILABLE ON
THE COMPLETELY
REDESIGNED
MEDIREGS PLATFORM!
The MediRegs
Reimbursement Suite
includes the primary
source content and
expert tools, like
Medicare payment
calculators and
edit-checking claims
processing tools, to
ensure the integrity
of your program and
your revenue stream.

With the ever-increasing pace of healthcare regulatory change, it's harder than ever for coding and reimbursement professionals to ensure proper code assignment up front —minimizing claim denials and securing your bottom line. The **MediRegs Reimbursement Suite** goes beyond basic coding to include payment calculators, edit-checking tools, and additional guidance on claims processing.

MediRegs Reimbursement Suite is designed for coding and billing specialists, certified coders, insurance specialists, HIM professionals, advanced HIM students, billing companies, and reimbursement analysts

The screenshot shows the MediRegs Reimbursement Suite interface. At the top, there are navigation tabs: Saved Searches, Favorites, Notes, My Libraries, My Code Sets, and MediRegs Reimbursement Suite. Below this is a Home section with buttons for Search, Coverage, and Coding and Payment Tools. A search bar is present with a dropdown for 'My Libraries' and a search scope of 'Search only in My Libraries. For more options see search help (?)'. A 'What's New - Sunday, July 09, 2017' banner is visible, along with a 'Week in Review [1]' link. A sidebar on the left lists various content categories under 'Libraries'. The main content area features a 'Week In Review - July 1 - July 7, 2017' section with a 'View All' link and a 'Final and Proposed Regulations' section with a 'View All' link.

The completely redesigned MediRegs interface now provides the convenience of What's New and Week in Review right on the home page!

This section displays a 'Final and Proposed Regulations' entry. It includes a 'View All' link and a summary of a final rule: 'Final rule: Medicaid/CHIP Program; Medicaid Program and Children's Health Insurance Program (CHIP); Changes to the Medicaid Eligibility Quality Control and Payment Error Rate Measurement Programs in Response to the Affordable Care Act'. Below the summary, it states 'As stated by CMS:' and provides a detailed description of the rule's impact on MEQC and PERM programs.

Access the enhanced table view of What's New and Week in Review using the "view all" link. Easily sort by Date Posted, Library, or Document for the last 3, 15, 30 or 60 days.

Easily perform fast Local and National Coverage Determinations (LCD/NCD) searches by simply clicking the NEW Coverage tab. Tailor your searches to your relevant states and simultaneously search coverage articles and Medicare contractor bulletins.

Our enhanced NCCI Code Pair Check gives you easy access to active and inactive edits in one easy-to-understand table. From one view, you can quickly determine whether the code pair edits and modifiers apply, as well as the maximum reasonable edits for a code.
