

M&A Clause Analytics

Powered by Analytics, Enhanced by Experts

M&A Clause Analytics, a comprehensive database of acquisition and ancillary agreements, provides vital insights and guidance for drafting, benchmarking, and negotiating better clauses and more complete agreements.

- Instant Insights. Easy-to-understand graphics show conformity of agreements and clauses to Models providing insight and guidance into accepted standards to apply to your own documents. Powerful search and browse tools guide you to on point language from a database of over one million individual clauses.
- Integrated Practical Guidance. Expertly prepared practical guidance, such as elements of the clause, drafting considerations, and intent of the clause, are shown alongside individual clauses, enhancing your understanding at the point of need.
- Comparison and Benchmarking. Multiple comparison tools allow you to efficiently benchmark your own documents. as well as all documents in the database, to the Models. In addition, all clauses can be compared to the models and to one another, extending your understanding of drafting techniques used by specific counsel or industries.

Intuitive

• Navigate to related data through related vital signs and drilldown on key statistics for greater detail.

Mobile

• Updated daily- available anywhere, anytime on any device.

Research and Productivity Solutions

RegReview™ NEW!

Spend more time advising clients and less time researching and drafting filings

RegReview™ boosts the efficiency and accuracy of the rule-checking process by intuitively associating and link-ing all SEC rules, regulations, and guidance relevant to the particular item of the form being prepared and instantly revealing any changes to those laws since 2013.

- Point in Time navigation, quickly guides you to the content and language that has changed to boost your efficiency
- Integrates all forms, regulations, and SEC guidance necessary for a complete and accurate regulatory review
- Checkboxes and downloads allow you to track progress and share checklists

Securities Law is Complex

Working faster with more accuracy doesn't have to be
